SHOW-TYPE

Contemporary Circus, Minimal Juggling, Performance

DURATION

1h

OVERVIEW

Highly skilled mixture of juggling and dance. Performed on a minimum 8m width and 8m depth stage covered with black dance-carpet. The overhead-clearance needs to be minimum 4m. The only set is done by 180 balls and a table for the musician.

Performance Technical Requirements

Stage

- Minimum 8m width and 8m depth. Overhead clearance minimum 4m.
- Totally flat solid ground with black dance carpet.
- Raked seating for the audience is required to improve sightlines to the floor of the performance area.
- a site-specific stage is possible, but needs to be communicated beforehand

Lights

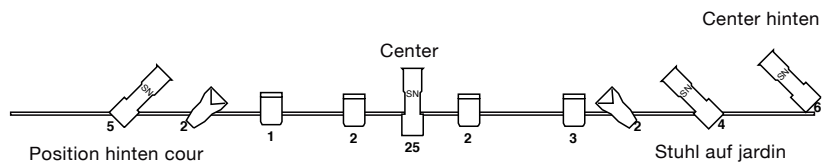

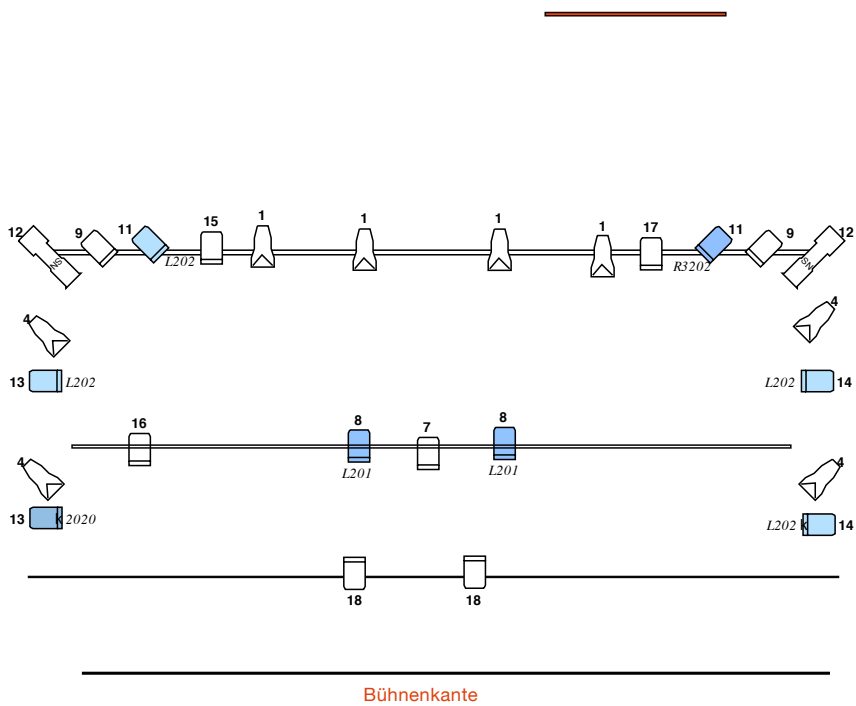

- The installation of the light, as written in the light plan, should be done before arrival.
- Light is operated by our technician.
- A house technician is needed for set-up.

Sound

- The musician is seated on the back of the stage.
- mixing board with 7 channels (or 2 stereo and 3 mono)
- cables to connect the mixing board to the house PA
- DI-Box
- Two multiplugs, 5 holes each
- Extension chords of sufficient length to set up station for musician on performance space

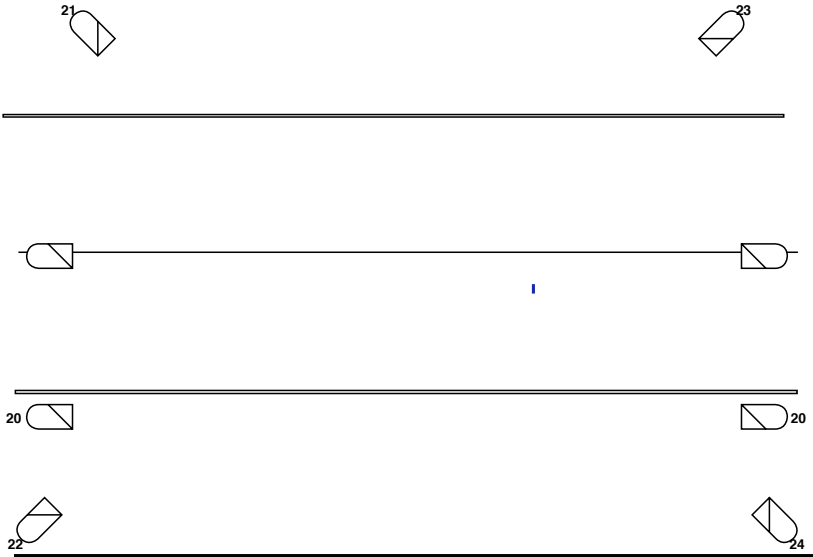

Hanging Lights

-  PC1kw
-  LPar64 cp /62
-  Profilier
-  Led par

Floor Lights

Cp 62

4x Gogo I bring
